“ She was one of the sweetest ladies I've ever known! She had a heart of gold. I will always remember all the flowers she grew. It's because of her I know what naked ladies are. Lol! She told me ghost stories when I was little. She told me about a baby who was still born that was so little she was buried in a shoe box, seemed like it was her relation but I can't quite remember. Once, she, Becky Hunter, Donna and I went for a walk in the woods. She was leading the way, carrying a walking stick. She stopped for no apparent reason and told us to turn and walk in a different direction. After we had gone a short distance, she told us there was a big snake back there. She just didn't want to scare us at the time so she waited until we were a safe distance away. I played with her grandkids all the time at her house. She was the

only person I knew back then that could knit. And I loved the back porch and the way the sidewalk connected to their garage. I can't count the memories! I'm grateful and blessed to have grown up in Buena around such awesome neighbors like her!
