“ *I met Barbara while I'm the hospital I had the pleasure of sharing rooms with her. I have been hospitalized so many times and never have I met anyone who touch my heart the way she did. She adopted me as her sister told me I could call her Bobbie that only her brother and husband called her that I felt honored by that and by knowing her I truly wish I would've had more time with her. My heart goes out to her children and husband and the rest of her family God I pray you help this family through this tremendous loss.*
