“ *I really enjoyed the weekly hair visits with Betty. She made me laugh with her as she mentioned some of the predicaments she had gotten herself into. I will never forget during one of her trips to the beauty shop she was running late and a pick up truck was in front of her as well as a state trooper and she passed them both, She then said to the state trooper after being pulled over they were both going too slow and not doing the speed limit. She did like to move along! I have missed her. Thank you for allowing me to do her hair for her final trip. It was an honor. Gods blessings be on all members of her family.*
