“ *Praying for the family during this time. I took care of Bula since July 2016, and she grew on me from the start. She always made me smile and laugh and enjoy my job at Miller's. I'm sure going to miss seeing her face at work. RIP Miss Bula ❤️*

“ *This woman was one in a million to me. Almost like a grandma because of spending so much time down there growing up. She will be missed. Rest in Peace Grandma Bula.*

“ *This lady could COOK! She showed me how to make her oatmeal cake; it was awesome! I spent so many hours down at Grandma and Grandpa's with her playing cards and just visiting. I think the first memory I ever really had of her was when I was in kindergarten going to Grandma's straight off the school bus and Bula was there in that old blue truck. She asked me if I could spell her name, then spelled it for me and made a fuss about how nice it looked and how smart I was. Made me feel like I was a genius or something!*
