I have lost an old friend. I remember that low stride that Danny had when he ran and he was as fast as a deer it seemed. He was a kind soul and loved to laugh. I will miss him but I will see you again. Goodbye for now friend. A beautiful service and a great tribute.

Danny and I were friends from the first way back in kindergarten. We stayed close friends all through school and beyond. There are so many wonderful and funny memories I have of our escapades growing up. My heart is heavy over the loss of one of my closest friends.

“ *Danny and I had been close friends since kindergarten. I have so many stories of our escapades over the years it would likely fill a book. Halloween pranks, junior high shop class stories, junior high gym class stories, high school football games, high school basketball games. We were supposed to be roommates at IU but his plans changed. I am stunned and saddened by the loss of my friend.*
