“ *Kenny, Billy and the rest of the Tucker family. Our thoughts and prayers are with you all during this difficult time. Many great memories of watching Dave dominate at the old Varsity gym and idolizing him and his friends when they'd play at the courts. A big guy with a bigger heart who always had time for us youngsters.*

“ My name is Mike Lynch and I worked with David many years back when we were both much younger men. My biggest memory and most fond memory was when he played on Anthem's Unified Basketball Team. You could hear the other teams talking about our team and its size Not only did we have David but also Mike Quebe who was as tall as David. The kindness he showed to those Special Olympians was part of his true character.

“ David was a phenomenal man who was committed and beamed of true love when speaking of his family and community. Nancy, the boys and his grandchildren were absolutely the most important focus of his life, his true north star. His community and his love of sports to support children and young adults in their growth was just a few degrees off of that north star. I was fortunate to meet and work with David for 1.5 decades at Anthem where he exhibited professionalism and kindness even during challenging times in our day to day work life and project execution at Anthem. Our team missed David when he retired but we would keep him with us by thinking in challenging times, “What would Tuck do?” I will always remember David, he was one of those special people in life who truly made a meaningful difference in my life.
