“ *Thanks to all who shared their thoughts of Mom. She was a very caring and loving person who taught Becky and I so much and sacrificed a lot for both of us. She just absolutely loved live. Without the love of a great Mother how do children exist today, we certainly could not have survived. We loved her so much and both of us and each of our children and grandchildren will miss her and her ever present smile.*

“ *Tracey and family, I am so sorry to hear of Eloise's passing. I loved working with her at Rushville National. She was so instrumental in teaching me many things while I was there. She was so great to be around and loved to laugh. God Bless you all during this difficult time.*

“ Mrs. Eloise was a neighbor of ours for many years..We moved to the addition when I was a freshman in high school..Can't even think what her and Mr Fletcher must of thought " a house full of teenagers moving in" .. they were always the kindest and most pleasant ..Wow but the years march on and Mom and Dad are both gone but she and Paul were ever watchful of the addition ..always letting me know when something was going on or they had a question or two...I have missed stopping in to see her after we sold Mom and Dads but if I drove by they were always on the front porch with a wave as you went by...Memories are what get us by in life when the ones around us pass on and Mrs Eloise will always be remembered in my heart...<3 Sue Estes Smith
