“ *Corrections to the obituary...Preston and Shelby Beckett are not her grandchildren and no relation at all to the family.*

“ *My very first encounter with Georgia, was when we were about 11yrs old. I was following her on my bike around town. She had stopped after a while and I went on up to her to say hi. Well... before I could say a word, she turned around , with those big brown eyes, and said " buzz off jerk or I'll give you a knuckle sandwich!" So being a little scared I buzzed right off.*

*Later on we met again in Bible School, she must've forgotten me, because she was very nice to me and eager to help me with making crafts. After that we became friends. I was very glad to call her my friend, she was always good for a smile, or a joke, and always a kind word.*

*I was fortunate that I was able to see Georgia about 6 weeks ago. We all think back about all your past laughs and memories you've shared with friends. Well, I will not forget you my friend. R.I.P. Georgia.*

*My sincere condolences to her family.*

“ *Georgia was the most selfless person I've ever known. She was always out to save the world and make things better for everyone else. I also know her family meant the world to her and she loved her children like no other. Although we had grown apart over the years, I still considered her one of my very best friends.*

*Ida- try to stay strong, you're in my prayers, love you.*

*Mike and family - so sorry for your loss, she was a special lady.*

“ Georgia and I were born 14 days apart, we grew up one block apart, we had countless slumber parties, and endless summers and made too many memories to even try to recall. One [of the craziest] was when we hatched a plan to run away to Florida and live 'footloose and fancy free'--Thank God Roberta caught on and stopped us as we were about to leave town in the middle of the night! We grew up, had [wonderful] children, and life got busy but those special years are forever etched in my memory.

*Rest in Peace Georgia. I love you.*

*Mike and kids, I'm so sorry for your loss. Georgia was a tireless wonder who never stopped giving of herself. Prayers for the whole family.*

“ *Back in 2009, I got into my car to go to work in Connerville. When I drove away, I blacked out completely from my blood sugar dropping and have no memory of the drive, not to Connerville but to Batesville. No one could find me and Georgia was there to hunt me down and she did! She pumped me full of different forms of sugar and brought me back to life...Thank You Georgia Fae, I love you and will miss you....until we meet again!*
