“Even tho your not my biological grandpa I still love you more than anything else in this world and I don't know what I'm gonna do with you gone. Life won't be the same without you and not being able to hear your voice or getting a mint every time I seen you. You'll always be my grandpa and I'll never forget you, I love you.

He was your Papaw from the day you were born Patrick. He thought the world of you! He never ever said that's my step grandson, he always said you were his grandson. He would call me every day or two to see how our boy was doing. He loved you more than anything!
