“ *I am blessed to have worked with Helen and to have her friendship. She was always a great support to me and just wonderful with our students. We had lots of fun experiences at Milroy and New Salem schools. I enjoyed having Jenny in my classroom. Helen and I took my 2nd graders to the Chinese restaurant for lunch as an enrichment experience. I truly love Helen. Sincerely, Linda Winkler*

A yellow candle for the smile that was always on Helen's face. So many fun times shared with her. Rest in peace dear friend.

“ *I don't think I've ever met someone more joyful that Aunt Helen was when she'd see you again after being apart for a while. She just had this huge smile that was so genuine and warm that it's almost beyond description. She had a way of leaning in and listening that was unique & she really had a love of life and family that was as genuine as it gets. She was always super curious about what we were up to and happy for us. I can't say that one particular personal memory stands out, partially because she was always so consistent. Of course the one food memory that will always stand out was her Mac & Cheese! I've never come across anything even as remotely good and there are some gourmet versions out there but nothing like hers... We'll miss you greatly. - Nathan & Family*

“ My favorite memory of Helen showing what a wonderful Christian Woman she was:
Calvin and I were coming home from Indianapolis. We could never drive by the Holder's without stopping to see them. Just so happened, they were just getting ready to sit down to their dinner. We had no intention of staying. Helen quickly cut their only sandwiches in to two pieces and shared with us. They also, shared some leftover dessert and ice cream. Charles Holder was always known to have ice cream in the freezer.
What a wonderful evening it was. Two of our best friends sharing a meal and fellowship with us. If the whole world were like Helen and Charles, we would have peace. Love you so and miss you.

“ Adam: *I have many fond memories of Aunt Helen. We would go to her house for the wiener roast every year in the summer. And spend New Year’s Eve together in the winter. She was always very upbeat and positive and seemed genuinely happy to see me. She also she wanted to talk to me. She cared about me and how my life was going. I always enjoyed that.*

Brooke: The first time I met Aunt Helen, was the summer Adam and I were engaged. At our first meeting she hugged me, and instantly made me feel included into the family I was about to join. I second Adam’s memories of how she always engaged and wanted to know how we were. I also remember New Year’s Eve and when she and Uncle Charles took the time to teach me Sequence and Wizard. One of them had to win, and it is no fun beating the new player if she doesn’t properly know how to play.

We love you all and are praying for comfort from across the country.
