“ God above said He would send angels without wings. Aunt Joann is surely one of those very people God spoke of. In all my 54 years, not one time did I ever hear her speak an unkind word about anyone.

No matter the paths and ways of life i took, she was always receptive to me. No matter how long i was gone from the immediate family, whenever I did show my face, she acted like I never left.

God in Heaven knows this was a woman of true unconditional love for her children, never to say a word about them in the negative.

Aunt Joann was and always will be my very favorite Aunt. She lived life to the fullest, until she just couldn't do it any more.

Not long ago I called her and Verna, she was so receptive to my call, like I was just there the day before.

Let us not be saddened, let us celebrate an angel without wings, who God has called home, letting her know she had exceeded the job He had sent her here to do. I will never forget her, may her memory be a blessing to all of us.

Lift your heads Jason and Verna, the sky towards Heaven is her direction, surely as the sun rises tomorrow, the brightness of Aunt Joann will be seen and remembered forever, in each passing day.

She left her mark on all of us in very specific and special ways. The sun and the Son will not let us forget her because peace has befallen upon this cruel earth, even if but for one day.

She is now with Uncle Vernon, and Grandma Josie, Aunt Olla, Aunt Jean, and yes, even my mom, Susie Shideler....Dear Lord, Keeper of the Stars, I will send special prayers up there because with a group like that, the true meaning of motley crew has found new faces.

Of course, there is Shoutin' Time in Heaven at last, the calm of the sea has found it's way. One person lifted from earth, but one soul with vibrant lights shines forever.

You won't be replaced, simply because the mark you left on us will be with us forever.
