“ This is a win for technology. I'm sad I was unable to attend the service today, but virtually there to celebrate her life. Beautiful tributes from everyone.

*Heather, may I put an order in for a pumpkin roll?*

*I'm sorry I couldn't add to the stories today. I was at the house enough as a teenager causing trouble, and then her neighbor as a young adult. Please tell me you have your "child contract".*

*Peace and love to you all.*

“ *I have many sweet memories of staying at Judy's house when we were in high school. I moved away after graduation in 1970, but we finally connected on FB after I had searched for her for a long time. I am so glad I have gotten to see her at High School Reunions in recent years. May God give her family many sweet memories. Prayers and hugs to you all.*
