“ *I knew Kathy for about 22 years in all. She was such a great friend a great mentor and she loved and cared about every person she came in contact with. I met her thru her husband Kent whom I met when I started working 3rd shift at Walmart. Him and I used to stock the paper goods department. One of several great memories I have of her was going to to their place to help fix and repair their computers. That was always fun. I remember going to Lexington multiple times with her and Kent and we would go other places too. It was always fun we would also go out to eat at different restaurants. I will miss Kathy but I know that one day I will get to see her again*
