“ *I had the pleasure to work for his sister, Liz during a 2019 workcamp during which he looked after his sister who had Alzheimer's. He made regular appearances and made the entire week much better. It is a shame that Rushville has lost such a caring man.*

“ Fish, have had so many good times with you through the years. Not going to ever be the same. I remember when I first got my car that I am driving now, called you up and you were the first person who rode in it. Another good time was walking through alleys trying to find wood so all of us could have a fire in the pit. Loved watching sports with you, so much laughter, and you were one of a kind. There are so many more good stories and memories that I have of you! I could write a book and it would be the best seller Loved you like a brother and will meet up with you again!
Love
