“ Kevin was a very special person as he was a brother a husband and a friend to many. He was a good natured person who cared about everyone and the ones who knew him would agree. As for me we have been close for many years so I would know him best. If you have ever heard the old saying expect the unexpected well this is where it has proven to be true. And Kevin you may be gone but you will never be forgotten. From all of your family and friends you will always be loved and missed dearly from the bottom of our hearts . From one brother to another we had a lot of good times growing up and some day we will meet again to catch up on what each of us has missed while being apart. You are at peace and serenity where you are at so we have no worries. From deep down in the bottom of my heart Kevin as a brother I will always have you with me. So it's time I say so long bro but we will see each other again. From your bro Darcy! Rest in peace!! Love you forever!!
