“ Kim and I started school together in Kindergarten at Webb School (50 yrs ago). It just doesn't seem possible. Our school was a small country school where everyone knew everyone. On learning of Kim's passing, all of those childhood memories came flooding back--so many precious memories! My heart is so sad for your loss. When I close my eyes, we will always be those 2 little girls in grade school laughing, playing and so carefree. May God keep his arms around you Kim, and give strength and love to your family. My sincere condolences. Pam Harrelson Schiesz

“*Dave and Evelyn, I am so, so, sorry for your loss, I can't believe she's gone!*

I don't know where to begin... We spent so much time together in our early years, had a lot of crazy times together in that old blue Nova of hers cranking up the stereo and singing our hearts out.....

Kim was always so full of wonder and imagination. Loved, loved, loved all of her animals. When she found you Dave I knew she loved you with all her heart. You were all she could talk about. I never doubted that she fell so hard in love with you that it would last forever. I hope in time that will comfort you in some small way because you truly were her everything.

As we get older and those memories of our younger years get further and further away we always hope that someday we can reconnect to those we shared so much with to reminisce, but then when God steps in and says it's not going to be it opens our eyes to how short and how precious life truly is and those chances of doing just that are slipping further and further away with each passing day. And now we only have our memories and they do make me smile when I think of her.

May you both take comfort in knowing how much she loved you.

You're in my thoughts and prayers,

*With love,
Steve and Linda (Hine) Justus
and Jesse*
