“ I’ve known Larry since 3rd grade at Jackson School. From there we went on to high school together, and some of my best memories of growing up include him.

I can still picture staying over at Larry’s house, riding his go-kart around the grain silos, just being kids without a care in the world. Those were simple days, but they were good days — and Larry was a big part of that.

He was an incredible high jumper in track and field. I remember watching him clear the bar with what seemed like effortless determination. But that same drive showed up in everything he did.

Larry was also an amazing drummer. We went on to play together in a local band around Rush County, and those nights playing music are memories I’ll always carry with me. He had rhythm, talent, and a presence that brought energy wherever we played.

Larry will be deeply missed. But the memories — the laughter, the music, the friendship — those will always be there. I’m grateful for the years we shared and the stories I get to hold onto.

Rest easy, my friend.

“ For several years I searched for a camel figurine for my Nativity Scene for Christmastime. I finally settled for a Llama as I just couldn't find the right sized camel anywhere. To my absolute surprise and delight, a package arrived at my home. Inside the packaged contained a right sized Camel figurine and a sweet note from Larry and Linda. They found my camel and sent it across the states to its forever home. Instead of putting the Camel and the Llama in storage each year, those adorable figurines put a smile on my face every morning on a shelf in my coffee bar. Most importantly, I named the critters Larry the Camel and Linda the Llama. Larry and Linda have and always will wake me with a smile on my face and love in my heart. Both amazing, wonderful people. Always with me.
