“ Aunt Lida was a talker and back in the day loved to play cards. She could turn a 5 minute story into an hour. I remember playing cards and she would have to tell this big long story before placing her card down while Uncle Jerry is saying the entire time “come on Judy” she would reply “shush your mouth Jerry”. Great fun and memories. I love you Aunt Lida. ❤️❤️

“ She will forever be my favorite Aunt. So much fun, silly, and hilarious! She will be greatly missed. I wished life didn't have to move so fast with work, and all the necessary or unnecessary things in life and we could spend time more with people who matter the most. Dad would always correct Aunt Lida, or try an explain things to her because she either didn't hear or didn't understand, he would shake his head and laugh. She's in Heaven now with all who really matter. Forever loved and missed, I love you Aunt Lida, Angie ❤️

“ I remember when I first met Lida. She was so friendly and down to earth. I liked going to her house. She always had pretty flowers and good food. R. I. P. Aunt Lida.
