“ I met Manuel a few years ago when i moved in across the street, but i really got to know Manuel a couple of years ago when we all became friends. Manuel was the best neighbor anyone could ever ask for. He was a kind man that would do almost anything for anyone. I love Manuel with all of my heart. I will never - never walk out my front door and not think about him, he was always on his porch yelling hi to everyone. he had the greatest heart i have ever met in my entire life. We had the best summer last year - we was - we was always playing corn hole - Manuel loved that game. So no matter if he was on my porch or we were all on his porch we had a blast, He also came over for supper alot - or he would go buy pizza out of the blew and come over and get us to come and eat with him. He was the kindest man you could ever meet. Manuel loved my kids too, Trinity - my granddaughter - he loved her so much - he would say when she was a baby - "she don't know me yet - but she will" and that she did - he gave her popsicles or dilly bars or whatever he had at the time so he could spoil her - in fact i do believe he gave her - her very first dilly bar and popsicle. and she does know him well - she stand inside our hosue at the door and if he is on the porch she yells at him and waves.. until he comes over and gives her a hug and a kiss :). He also loved my two daughters as they did him, my yongest he loved to watch jump on the trampoline - he begged her to do gymnastics again (her passion) and wanted her to be a cheerleader as his lisa was. he always said he would be there cheering her on. And if you ever met Manuel you would know that in his eyes there was no one better than his mom and his daughter lisa and son Benjie. I could go on forever but ill stop here. I love Manuel with all of my heart and i will never forget him and will miss him until we meet again. We love you so much Manuel, Penny, Eric, Bekah, Sarah, Trinity & Richard ..

“ Meeting Manuel was the best part of my life..I knew he was the only one that I wanted to grow old with, I could see us setting on a porch in Kentucky(thats where he wanted to retire to)in rockers and swattin flies..Even though we divorced " I still loved him " and worried about him all the time....The most improtant things in his life were his mom(Onie) and his kids (Ben n Lisa) and he was so excited when he found out he was gonna be a grandpa, But I know he will be watching over that precious baby.. I have so many good memories of him, I think most of all I remember all the little quirks. And the call's sayn "Hey It's just me checkin on ya" Threre will be such a hole in my heart, knowing that I can never just pick up the phone or stop by bull crap with you..Manuel you were such a unique person.You will be sadly missed by me,and Ben and Lisa and the family and friends...Love You Always Liz McKinney
