“ *Marcella was such a special friend, loved her like a sister. She was such a brave , strong person with everything she had went through. I will miss those daily phone calls and the special person she was to us. There was no one that when I was down I could talk to her and I would always feel better and she would make me end up laughing. Marcella I miss you!!!!*

“ *I so enjoyed her company I'd always wait in her line at Kroger just to chat a second. She always had a smile and usually a story to share. I'll never forget her instructing (scolding) a new bag boy for the way he handled my bananas. Then she laughed and said when we were young Martha would get after us for the way we sacked, and we thought she was an old grouch. Now they call me Martha and all I can say is she was right! We went to HS about the same time and I cared for her during a few of her hospitalizations, she had great courage and love for others. She will be missed.*
