“ *I have known Melinda for a long time, and I absolutely loved the woman she became - always giving, always smiling, incredibly selfless. When my brother Michael died unexpectedly, she was one of the first people to bring my family food and a lot of it. We were all in such shock, and she fed us, cried with us, hugged us, and prayed with us. I am so thankful that God let us know her here on Earth - even if it was for just a little while. A wonderful person she must have been to have so many loyal and caring friends throughout her illness. I wasn't blessed with seeing her very often but I prayed for her all the time during all her illness sorry I lived so far away I couldn't help. The family will continue to be in my prayers as they struggle through the coming and future days. Hugs and kisses to her children although I never got to see them except in wonderful pictures sent to me by Grandmother Dorothy. Aunt Clara V.

“ A memory of Melinda, we farmed next door to her family for years, and one day when I was taking a meal down to my guys I came across Melinda walking on the road , she was dressed in an old tshirt and a pair of shorts, but she also had on a pair of high heels! I stopped and asked her "Melinda, what in the world are you doing?" her reply was that she was practicing walking in heels for the fair queen contest! I thought it was adorable, after that initial sighting of her in her heels, I saw her many times that following week doing the same thing, walking down that country road in her high heels. Somehow that was the one thing that brought a smile to my face over yesterday as my heart was breaking as I thought of her children ,husband ,and loved ones that now have to face life without her. What a spirit she had, I will never forget her or her beautiful smile. My prayers continue for all that knew and loved her.

*Karen, I was the director that year. . .
I had the honor and blessing to work with Melinda. We had such fun.
My desire was to instill in each young lady the ability and confidence to embrace life, not wait for opportunities to knock on your door but to prepare yourself and give it 110% I encouraged the girls to grab their 3" heels and hit the road, because if you can walk a road with a tractor or car as your audience, you can do anything. Melinda had style and grace who became a sponge soaking up and sharing a light in her smile and encouragement to the others around her. Two of the judges Jim and Joy Robbins were very impressed with Melinda. They were amazed at her spirit and at that time only wanting to be a hair stylist and get married. They approached her following the pageant and encouraged her to reach higher. They saw something inside of her and they had only had a three minute conversation. Jim and Joy saw the spark that can light a fire, the one star in heaven that lights up the night sky. Jim and Joy know quality and have a wonderful history of guiding young ladies throughout Indiana for the Miss Indiana pageant and also the Miss America Pageant. There is much more to beauty, it begins deep in the soul and glows from within. Her love of our Lord Jesus Christ humbled me and brought me to my knees throughout her illness. There was NO FEAR only trust in God, Today, I sit here reflecting over my memories, so humbled, understanding NO FEAR, she is human, a wife, mother, daughter, sister and today she is without fear or without doubt embraced and continuing her journey with God. I am only thankful for her blessings, her smile and willing to walk the walk. God Bless - Deborah Adams*

“ *I feel like I have known Mel most of my life. I worked for her when she owned Studio 3 and I loved it! It was at that time that she became a role model for me. She had just become a mom to sweet Olivia. She always knew just what to say to help me through certain life events. Her smile would light up a room. We have always kept in touch and, occasionally she would call just to check in on me. After I had our second daughter, she came to visit me bearing food. It's what she did. She would always drop everything to comfort others. I look forward to seeing your beautiful face and smile again someday!
Love you!*

“ While I was never partnered with Melinda on an audit, I did get to know her as a co-worker with the State Board of Accounts. She was a delightful, vibrant young woman who made others smile with the positive attitude she exhibited. While the sense of loss felt by her family and friends is huge, it is an encouragement to know that she resides with Christ forevermore. We extend our sympathies for your loss, but more importantly, our prayers for God's strength, comfort, and provision for Drew and the children she has left behind.

“ You are an amazing lady and showed everyone what it took to fight bravely a disease that is so hard to overcome. We know you will be looking down upon us and especially those 4 beautiful children of yours and Drew. You may not be there in person, but they know you are there in their hearts and watching from above! You were an inspiration to me and to many others as well. I'm so glad I could know you! You taught me many things including what it takes to be a good wife and mom. When I babysat your kids, I could see the love and respect they had for you and Drew. I truly enjoyed spending those precious times with your children and helping you when needed it. I thank you for entrusting your children in me several times and will continue to be there when Drew needs help with them. Keep shining on lovely lady; we will meet again one day :)

“ I worked with Melinda when she was with the State Board of Accounts. We did the audit of Henry County together several years ago. She had a sunny disposition and was upbeat and friendly all of the time. She was also a hard worker, who got things done. We would work 9 1/2 hour days, then she would have an hour commuting time, but was always eager to get home and fix meals for her husband and the crew that was working with him in the fields.

Even though she enjoyed working for the State Board of Accounts, I was not surprised in the least when she made the committment to raise her family instead of working for the state.

I have not seen her for years, but I was hoping that some day she would come back to work for the state.

“ I heard something on K-LOVE that said, "It's not the DURATION of our lives, but rather the DONATION, that matters." Melinda donated much of her life to others. It is said, "You get out of life what you put into it", or in Melinda's case, "WHO she put it into." She chose to put God in her life and serve Him. She chose to donate her life to His service and love His people. She chose to trust Him with her life and the life of her family. Many of us have prayed for peace and healing... and more time for Melinda on this earth. But, God chose to show Melinda favor and gave her ultimate healing. Isaiah 57:1-2 says, "The righteous pass away; the godly often die before their time. And no one seems to care or wonder why. No one seems to understand that God is protecting them from the evil to come. For the godly who die will rest in peace." (NLT) Rest in peace Melinda. You will be missed, but we will see you again and we can rejoice in that!
