“ I remember meeting Pat when she visited Dave and Regina. She always impressed me as being an independent, strong woman who made her own way in life, doing things her way! Her boys were always most important to her, as well as her grandchildren. It was sad that she suffered greatly in the last years of her life, but she is suffering no more. Keeping all of you in our prayers now and always.

“ To the sons of Aunt Patty and Uncle Herb. My name is Teresa Gulley Zimmerman. My dad is Harold Raymond Gulley and mom is Wanda. I remember you fellows many years ago playing and sliding down an old barn metal roof out in the country where we lived. Our dads squirrel hunted all the time. My dad missed Uncle Herb dearly, he visited his grave often..However my dad is up there in heaven with yours. Our mom is aware of the loss of your mother. Wanted to reach out and let your know our heart felt condolences for the loss of your mother. From all the members of our family. Our mom Wanda, Dyana, Greg, Teresa, Gerald, Terri and Carrie. Praying for your family.

Teresa, thank you! Rick and I have fond memories of our family trips back to Indiana to visit with relatives. I do remember playing on that old barn and running thru the cornfields. I got one chance to go hunting with your dad and mine but did not carry a gun. I remember sitting patiently under a tree with your dad trying to be the first to spot a squirrel, seems like yesterday. Thanks again for your kind words and prayers. Dave Gulley
