“ Phil was a great coworker and an even better person. He had a great work ethic, but also a great ability to be calm under pressure. His network knowledge and skill were second to none...but even more so enjoyed his wonderful personality and witty comments. He was always able to laugh which eased everyone around. He will be missed as a coworker and a friend. I know his family will also miss him as well. Rest in peace PK.

“ I met Phil years ago back in the days of working at EDS. Man I loved this guy. I was new out of college and was fascinated by Phils brain! He knew everything I wanted to know and he was so kind to teach me every chance he had. I will say Phil completely changed my life. He gave me so much confidence in myself. He never made me feel anything but great and he was a mentor I will never forget for the rest of my life. I am so sorry to his family, his children, his grandchildren to have lost him so soon in life. I am sure he is looking over you and will continue to be your biggest cheerleader until you meet again. Much love for Phil and I pray for healing for his family.

“ *We have all been blessed to been able to work with Phil, becoming a close friend and my work family over the last 13 years, he was always kind to me, to others and always had the answers. We share stories about our families, so we got to know you through Phil's memories. Know that Phil was proud of his kids, grandkids, nieces, the rest of the family and that he loved you! Thank you for sharing this time with his work family and that we pray for you. He will be missed every day and we will think of what would Phil do and think of Phil's some of his sayings (etched in Gelo). I pray we all get to rejoice with him one day!*

Memory /story: he told me when he was a kid, he and his brother got in trouble so they had to go outside with a sign and wait to a car to go by, which only 1 or 2 the most a day so they spent a lot of the day outside.
