“ *Enjoyed spending time with Mike when he was married to my sister (Beth). We had lots of laughs, did a little hunting, trapping and shared many meals together. He was a very personable and kindhearted soul. We had not crossed paths for years, but did catch up a little at Beth's funeral. Ed, we never met during Mike's years with our family, but Mike always spoke highly of you and it was obvious he looked up to his big brother. Condolences to you and your family. Condolences to Megan, Marissa and Brandi, so sorry for your loss. Bill Dickey*

“ *We loved Mike and getting to talk to him at Church and if we saw him out! He was a great man with a kind heart!
He always ask me how are you doing, young lady?
Or gave me a hard time for wearing heels to church. He always had a hug waiting for me!!
I had just asked about him the night before!
Please know we are with you In prayers and hugs!!
Love you all! 🙏❤️*

“ As an employee of the glennwood usps and a short friendship with my buddy Mike . A little over a year wasn't long enough my friend, this past year into this year that I have gotten to know you, I have 3 words for you

1-courageous, Mike you fought battles harder than i've seen people fight.

2- Uplifting, when I needed an encouraging word to hear you knowed just what to say..

3-Thoughtful, last year when you came into my office and asked would I like a squirrel I said sure and thought you were just kidding and sure enough you had been hunting and brought me a squirrel.. Mike Im sure gonna miss our 20 minute talks every day.. Not a day has gone by that has slipped my mind just maybe it was a dream but in all reality we look to God as our help in Times of greif and heart ache..

James 4:14 KJV

“ My sweet dad stepped up even though he had no biological responsibility to me. He guided, protected, loved me always. Man, would we butt heads! When I had Sam and Sarah, he became a doting grandfather and took it upon himself to babysit while I was in nursing school. When we lost my momma, he could have distanced from me, but we became closer than ever. We talked daily, sometimes he would call me a zillion times a day! I'm going to miss him so much. He always had my back, kept me grounded, looked out for my best interest. Always. He became more than a stepdad. He was my dad

“ Mike was a hoot and loved his orneriness. I very much enjoyed our "Taco Tuesdays" until he got taco'd out and we switched it up. He always told me that he was going to head out to drink coffee and tell lies after we were through. He will be very missed as he was dearly loved. We will miss him very much. Sending thoughts and prayers to you all.

“ Mike you was the baby of the family, you was only 8 years old when I left for the service. So my memories were very little. After I returned from service I was living in California so we were not together during your growing up years, however you did come to visit us several times. Later in life when I retired we became much closer. I so enjoyed our times together, especially when went to field trials together. Also my time with you in Indiana, especially this past August when we went Squirrel hunting. So long my brother. We will meet again in heaven.
