“ Heartbroken 💔. Today, out of the blue, I thought of him and decided to look him up after all these years just to see how he was doing and I found this. 😞😭 I met Robby when i was a very young kid. My grandpa owned the auction barn where I met him and his family. We used to play basketball across the alley at the Sandusky park every weekend. I had the biggest crush on him as a little girl. He was always so nice to me and I could tell he was a good person with a big heart. My mom was friends with his mom Janet. We knew the family and seen them every weekend at the auction for many years. Im so sorry for their loss and I am truly saddened to see this. I dont know what caused him to pass away, but I hope he didnt suffer. May God bless them all. 🙏❤️

“ All I can say is Robbie was one of the best cousins a person could have!!! The great thing was we were so close in age so we got to hang out so much, go through school together, Including many important milestones in our lives . I remember if the girls he dated hurt him I was really upset and he was at the guys who broke my heart too both of us always vowing vengeance for the other lol . We liked to jam together. We loved the same music. We'd go to the pool hall, bowling, he even went to see My Girl at the movie theater with Our friend Heather Steele even though he absolutely did NOT want to see that movie, neither did I .. We did it for Heather. He actually thought it was too sad .Robbie was giving. He had a huge heart. He was very humorous. He always made me laugh. He always took up for me if I needed him . I had just contacted him a couple days before this tragedy. He said we'd get together real soon and talk about what's going on in our lives catch up , probably go to lunch or something.. Well we didn't get to do that . It was the last time I was able to speak to my cousin after I had not been able to talk to him in a very long time . My heart is broken. A piece forever missing 💔 You were very loved Robbie, by so many people, so so many ❤️ you will definitely be missed. Especially by me, but I'll forever hold onto every memory we ever made dearly ❤️ I love you cuz we'll meet again one day

“ I went to school with Rob. He will always be remembered for his smile, kindness and easy going attitude. All through the years whenever we would see each other it was like school all over again and we'd laugh and reminisce. He was a great person! I'm so sorry for your loss. Your family are in my thoughts and prayers.
