

Roger C. Miller

December 11, 1945 - June 13, 2024

Roger C. Miller passed away on June 13, 2024 in an automobile accident. Roger was born on December 11, 1945 in Shelbyville, IN to the late Joe and Inez (Rogers) Miller.

Roger graduated from Manilla High School in 1963. He was a veteran of the United States Navy serving 4 years.

Roger drove a semi with dear friend Dean Miller in the early 1970's from coast to coast. Roger worked as a truck mechanic for Mack Trucks for 36 years, 6 years in Missouri and 30 years in Indianapolis, IN. The Mack bulldog was a cherished symbol for Roger.

Roger loved to tinker and his favorite project was his 1931 Ford Model A car. Roger had several Catahoula dogs over the years that were his pride and joy. Dick 1, 2, and 3 were treated more like family than pets.

Roger was not only a great person but was a master at his craft. The world lost Roger's wealth of knowledge of engines and trucks. Roger was part of the Manilla Store group. He was quite a prankster and enjoyed being around family and friends. Roger's favorite answer to any question was "I reckon".

Survivors include friend more like brother, Dean Miller, nieces and nephews,

Deanna (Chris) Cline, Susie (Chad) McCorkle, Pam (Jay) Peggs and Kenny (Mary) Miller. Former wife, Mary Muldoon and nephews, Steve and Randy Mock and their families. Special friends, Eric, Lisa, Matthew, Mitchell, Allison and Grace Wagoner. Cousins, Denise and Ken Hoeing.

He was preceded in death by his parents and Barbara Miller.

A last piece of wisdom from Roger is if your car or truck is making noise “Just turn the radio up”.

Roger will be dearly missed.

Graveside services will be held at 10 AM Wednesday, July 3, 2024 at Hurst Cemetery, Rush County, IN. Pastor John Wall will preside.

“ I worked with Roger for many years at Mack, lot of times side by side, lots of the times following each other on jobs, going to Mack school together, so many stories to tell, many good memories, When he became a forman, mechanics loved working for him and customers loved him.He made working fun!

on the back of the work order he would write [Valves 1/2] only him and I would know what that meant, that's all we needed to know, that's how close we worked together.

He gain the respect of all who knew him,
So long my Friend

“ Roger was a quiet man of few words, speaking when it mattered. His humor was dry, he laughed easily and cared about family and friends, non-intrusively. We were second cousins and we saw a lot of him in Indiana when we visited and once in California. He always checked in on the older family members and kept us updated on the goings on in Rushville. To some he seemed gruff, but to those of us who knew him well, he was a funny, smart and sensitive man with a big heart. I reckon we will miss him a lot.

“ *I worked with Roger for several years.He was as stated a wealth of knowledge who would share it with almost anyone. That being said he would share if he felt you wanted the answer. If he didn't feel you wanted true answer you might get any answer including I reckon.He will be missed. My best Roger story has to do with riding with Roger and Dick 2 I think and I was in Dicks place in vehicle. Charlie Ritter.*
