“ Scott, I continue to be saddened by your passing. You were the first person to call me into work during my early stages of working Security for different casinos here in Las Vegas. I worked under you and you were a true leader and friend off work. I was able and continue to become a great leader, mentor, and friend in this industry because of you. Your family should be proud of you because you changed many lives with your genuine personality and loyalty. I miss you, and thank you for introducing me to everyone who has helped me pave the way in becoming better for my daughter and everyone I have met and continue to meet along the way on this earth. Rest easy my friend, soon we will meet again.

“ *My last memory of Scott Maple, Being on the Land Navigation Course in Ft. McCoy, for a company level training exercise and as a team, we navigated through the course, it was grateful, to have Scott on the team he was knowledgeable in which'd it helped me out, to being a better soldier today. It has now sadden me to think that life navigations has a tougher and much crueler terrain to follow and I would want to think Scott made all the choices that have brought him final peace to the point of his young life. He will be greatly missed and I would wish Scott Maple's family peace at this troubling time. Thanks for reading and God bless.*

“ *I worked with him last week and knew him for several months. Always positive and upbeat about working here in Las Vegas. I've been bartending here since the early 90s and I could tell he enjoyed the work.*

*One night as I was leaving after a long night, I saw Scott and he said he wanted to work at my bar again and that he enjoyed working with me. I felt good when he told me that. I worked with him a few more times and my recent was a week ago. God has him now and I won't forget you brother Scott.*
