“ *I didnt know Edwards very well. Only from our time together in the Muncie Armory, but I have many great memories of our conversations together. He's was a light hearted, fun, loving, and very dedicated soldier that will be missed greatly, not just by me, but by everyone who was blessed to meet this young man. It is with much regret I say he was taken far too soon. He will always hold a place in my heart. I'll see you on the other side soldier.*

“ I remember when you first moved next door to me... I remember being so excited that my big cousin was moving there to hang out with my little elementary childish self. I know we always use to pick on each other and make each other mad, but we always got over it. You always came over swam, rode bikes, and played basketball even though I was probably really annoying. I just want to thank you for hanging out with me all those years. You were a great big cousin. And I will truly miss you.

We will never understand why God chose to take you so young but I do know that you are in a better place and looking down on your loved ones. We will miss you but always cherish the memories.
