I'm so sorry for her friends and family.
Myself ..Sally and Glenda worked with her at Dr Shamaas office .
She was sure fun to work with.
I got to visit her last summer at the Elks when a friend's played music there.
Just like old times..
She will be so missed.

“ Vicky was my sister-in-law and I'm beyond sad that she is gone. She welcomed me into the extended family about 45 years ago and we developed a strong sisterly bond. She was the glue of the family, being the social coordinator for many holiday gatherings and fun musical events and introduced me to a lot of great pickers. She loved music, antiques, fashion, and hobbies, such as quilt making. I loved the way she would break out into a dance or a song or a joke, cracking me up constantly. She also engaged her strong nurturing side in helping me to cope with a few health issues that came up. She handled her own healthy challenges with courage and grace. She was a light in our lives that will continue to shine.
